VISION

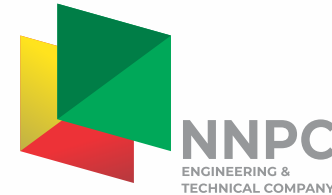

To be a dynamic global engineering, procurement, construction, installation and commissioning company of choice.

MISSION

Reliably delivering cost effective engineering, technical, construction, operations & maintenance services while continuously creating value for all stakeholders.

NETCO is a wholly-owned subsidiary of Nigerian National Petroleum Company Limited established in February 1988 to provide an efficient and reliable engineering base for the NNPC Group and the entire oil and gas industry. Its services however, extend to the rest of the economy and beyond. NETCO is certified to ISO 9001, ISO 14001 & ISO 45001 International Standard. NETCO provides the following:

- Feasibility Studies
- Conceptual Design
- Basic & Detailed Engineering Design
- Procurement
- Construction
- Installation & Commissioning
- Project Management
- EPC Collaborations
- Quality Assurance & Quality Control
- Operations & Maintenance
- Projects Cost Estimating/Benchmarking
- Health, Safety & Environmental Management/Study Training

NETCO

NNPC ENGINEERING AND TECHNICAL COMPANY LIMITED

Company Profile

“

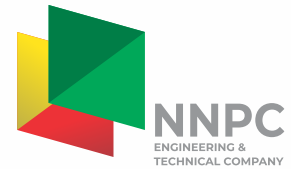

At NETCO, our commitment extends beyond maintaining certification. We are focused on embedding quality, environmental stewardship, occupational health and safety, governance, and continual improvement into the way we lead, make decisions, and deliver value to our customers and stakeholders. We welcome your observations and recommendations as an opportunity to become an even stronger organization.

Welcome to NETCO

WHO WE ARE?

Welcome to NETCO, a full-service EPCIC (Engineering, Procurement, Construction, Installation & Commissioning), company that provides innovative, reliable, and cost-effective energy solutions to clients across various industries.

We have a proven track record of delivering high-quality projects that meet our clients' requirements while staying within the budget and timeline.

Our experience of over 30 years in the field has given us the knowledge and expertise to tackle complex projects of all sizes.

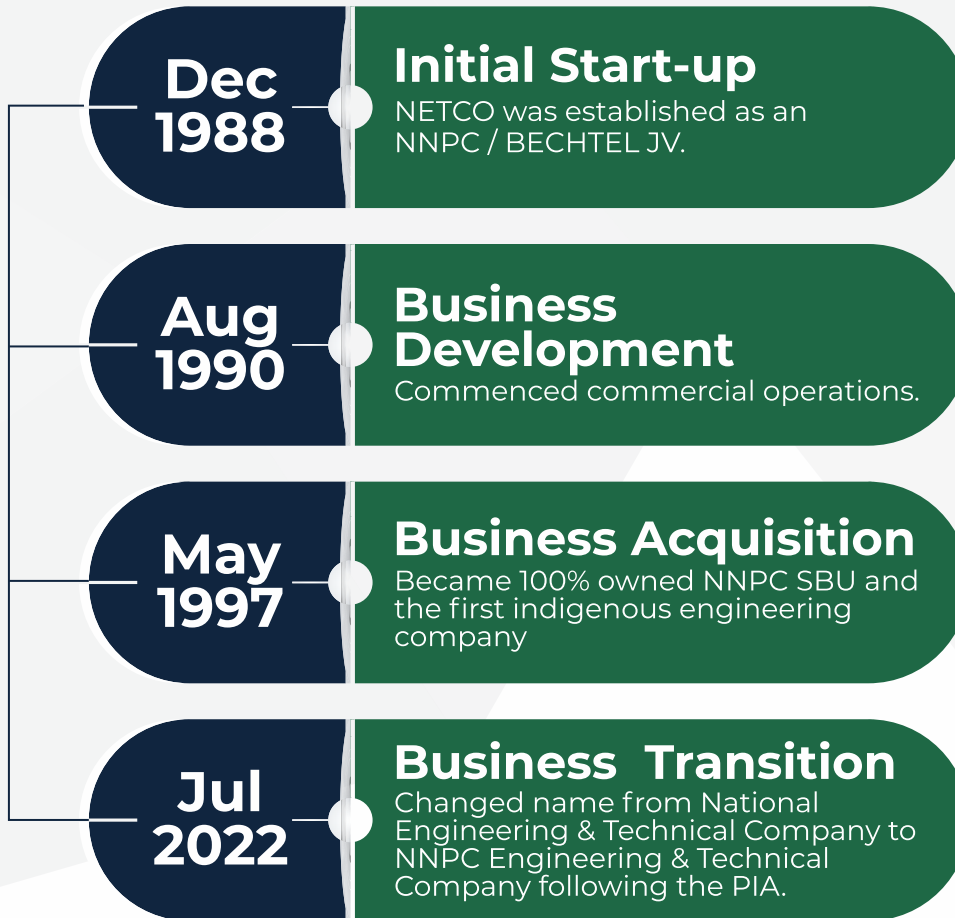

VISION

To be a dynamic global engineering, procurement, construction, installation and commissioning company of choice.

MISSION

Reliably delivering cost effective engineering, technical, construction, operations & maintenance services while continuously creating value for all stakeholders.

COMPANY HISTORY

WHAT WE OFFER

At NETCO, we provide a comprehensive range of services, including:

Engineering:

Our team of highly qualified engineers is equipped with the latest technologies and software to design (Feasibility Studies, FEED, DED) innovative and practical solutions customized to your needs.

Procurement:

We have a global network of trusted suppliers and OEMs that allows us to source high-quality materials and equipment at competitive prices.

Construction:

Our construction team ensures that projects are executed on time and within budget.

Installation and Commissioning:

Our installation and commissioning team ensures a smooth transition from construction to operation. We provide comprehensive training to ensure that your asset is maintained optimally.

Operations & Maintenance and Project Management Consultancy:

Our team of trained professionals are on hand to ensure smooth and efficient running of facilities.

Training:

We provide training services to support Engineering capabilities, procurement, project management, ISO Certification and others.

Our Approach and Commitment to Quality

At NETCO, we are committed to providing our clients with the highest quality EPCIC, O&M services, delivering projects that are safe, efficient, and sustainable using only the best materials and our work is always inspected and certified to the highest standards.

We work closely with our clients to understand their unique needs and develop tailored solutions that meet their requirements. Our approach is based on:

- **Collaboration**
- **Innovation**
- **Excellence**

Why Choose NETCO

- Proven track record of reliable and cost-effective project delivery
- Experienced and highly qualified team of engineers, procurement specialists, and construction professionals
- Global network of trusted suppliers and OEMs
- Commitment to Safety, Quality, and Sustainability
- Dedication to providing exceptional client service

First In-Country ISO Certified Engineering company

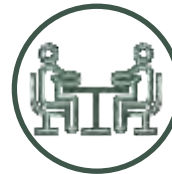

Dependable and Reliable Project Teams

Delivery on Schedule and within Cost

Reliable Resident IT Support

Robust Alliances (E, P and C)

Commendable customer evaluation from clients

Health, Safety, Environment & Quality (HSEQ)

NETCO is a business minded company with the sole aim of meeting the varied needs and expectations of all interested parties.

We are fully subscribed to the requirements of ISO 9001:2015 for the Quality Management System, ISO 14001:2015 for the Environmental Management System and the ISO 45001:2018 for the Occupational, Health and Safety Management System

- NETCO is fully certified by these three international bodies and has established internal processes and structures to ensure the fulfillment of its various requirements.
- The certification confers on NETCO, the number one status within the NNPC family and the EPCIC, O&M industry in Nigeria.
- The maturity and effectiveness of NETCO's ISO Certification makes our deliverables reliable to our customers.

IT Infrastructure

NETCO has in place an ultra modern Information Technology Infrastructure for its digitization strategy.

- Robust and agile video conferencing platforms for effective communication
- Hyper converged infrastructure for virtual desktop infrastructure (VD Operations)
- Industry standard engineering solutions across multiples disciplines. Such as Aveva E.3D, Bentley STAAD, SACS. Autoplant. Aspen Hysys, Intergraph Caesar, Smart Plant Instrumentation etc.
- Flexible and Efficient Infrastructure
- Efficient, Secure and Agile work-tools for staff's remote operations
- Highly configured workstations, desktops and laptops

Management Team

The Managing Director is responsible for developing the company's budget and programme in line with organizational forecast and objectives.

The MD is ably supported in the discharge of his responsibilities by six Executive Directors in Commercial & Business Development, Operations, Project Management, Services, Finance and Company Secretary and Legal Advisor.

The Team is unequivocally committed to ensuring that NETCO delivers to all its clients, stakeholders and employees.

With work experiences that span over 3 (three) decades. Our Directors provide quality, effective and inspirational leadership in steering the affairs of the company.

NETCO SUSTAINABILITY INITIATIVES

NETCO is taking the lead with a clear focus on sustainability

Our energy transition plan will be designed to ensure a low carbon footprint across our business through new energy using various means.

In this rapidly changing environment, we have committed ourselves to operating in a sustainable manner – as a responsible business entity – ensuring that our activities continue to be carried out in line with the principles of economic, social and environmental
